

THE DEPARTMENT OF INTERVENTIONAL RADIOLOGY

PROFESSOR MALKHAZ MIZANDARI
HEAD OF DEPARTMENT

TAMTA AZRUMELASHVILI
ASSOCIATE PROFESSOR

THE DEPARTMENT OF INTERVENTIONAL RADIOLOGY

The Department of Interventional Radiology was established in 2006 at Tbilisi State Medical University. The department is actively involved in clinical activities and introduction of interventional radiology clinical practices at Georgian clinics.

The TSMU Department of Intervention Radiology established the Georgian Association of Cardiovascular and Interventional Radiology (GACIR). In 2010 the Association and TSMU organized the European School of Interventional Radiology (ESIR) course “biliary and oncology intervention”. The course was attended by nearly 60 doctors from five various countries.

Georgian Association of Cardiovascular and Interventional Radiology is a part of the Cardiovascular and Interventional Radiological Society of Europe (CIRSE) and takes part in congresses organized by the CIRSE. The academic staff of the department has published nearly 160 scientific articles in various high-indexed journals. Professor Mizandari is the president of the Association.

Interventional radiology issues are taught at the undergraduate and postgraduate levels at the Tbilisi State Medical University.
